HOW TO CARE FOR YOUR PET

We at Gagebrook Primary have been learning about how we can make a difference looking after pets. We have visited the dogs home and have given them some things to help look after the dogs.

These are the things we have learnt to help look after your dog or pet. We decided to do a letter drop to show the community how you can make a difference as well.

1. **Dogs need food and water.**
2. **Give them a bone to chew on.**
3. **Give them a toy to play with**
4. **Give them a comfy bed and 1 lots of love.**
5. **Play games and walk with them.**
6. **Get them microchipped and registered.**
7. **They need a collar.**
8. **Your dog should be vaccinated and desexed**
9. **Keep them safe in your yard.**
10. **Clean up after your pet.**
11. **Walk them on a leash.**
